NETWORKING FOR ECO-INNOVATION

IN THE BALTIC SEA REGION

Innovation ecosystems need to take big steps in sustainable development. Intermediary organisations such as regional, national and international development agencies play an important role in the green transition. We invite you to network with colleagues in the Baltic Sea region and to learn about the ways to support small and medium sized companies in eco-innovation.

PROGRAM (UTC+3)

MORNING | COLLABORATION IN ECOSYSTEMS

Hosted by Miia Lammi, VAMK Design Centre MUOVA, FIN & Nigel Claridge, Sustainable Innovatio, SWE

10.00 Opening the event
