MISSION

WHO

ADDRESS

Lack of services for SMEs in developing eco-innovations

WHY

ACCESS

For SMEs to the technological inventions of research institutes.
For research organizations to the SME market

WHAT

APPLY

Research knowledge to manufacturing SMEs

SMEs: Small and medium-sized enterprises

NETWORK

We now have **11 partners** as beneficiaries and **16 associated partners** to support the project in reaching its main goals.

Overall partnership consists of **7 research & development institutes**, **7 business support organisations**, **1 public service provider & 12 small and medium-sized enterprises**.

Partnership covers **6 countries** in the Baltic Sea Region: Denmark, Finland, Sweden, Estonia, Lithuania and Poland.

Ecolabnet aims to expand its expertise by including partners external to the existing network in the future. If you are interested in joining the network, please contact us or visit our website for more information:

www.ecolabnet.org

EXPECTED OUTPUTS

- A digital collaboration tool
- 5 collaborative service packages
- 5 physical prototypes
- Chain of feasibility studies
- A collaboration model
- Governance model
- Action plan for sustainability
- Expansion program for Ecolabnet

BENEFITS

Companies will get:

- Easy access to the latest knowledge
- Entry point to various local services
- A window to the best practices
- Holistic approach tool to service
